on October 19-21, 2016.

Through Mr. Bansho as a Panelist, SGLI tried to share various experiences and knowledges in the Panel Discussion which was attended by Logistics companies, manufacturing companies, transporters, forwarders, government institutions, etc. Topic of Panel Discussion was about "potentiality of PLB in boosting logistics efficiency".

❖ **Evacuation Drill**

On the 6th day of October, 2016, SGLI employee was being surprised by long

ringing of office alarm. However before all people get panic and mixed up, P2K3 Team (Committee of Occupational Safety and Health) was eagerly led and guided all employees to approach muster point for evacuation process. In a mean while, at the other corner of

working place, safe and rescue process was undergone to the victim of the incident. P3K team support each other and tried their best to take the victim to muster point safely. Finally, the victim was taken to the nearest hospital. Those activities was part of the scenario that we raised for EVACUATION DRILL against fire disaster at our working area.

❖ **ADM Sport Competition**

As previous year, SGLI took part on SPORT COMPETITION initiated and facilitated by ADM Sunter. Every year, futsal, badminton, table tennis and tug war always become the most favorites sports to be competed in ADM Sport Competition. As usual, SGLI was represented by some reliable teams to participate all the matches which were

carried out on Sept 25 and Oct 23, 2016. Unfortunately, we did not have a good chance to win any matches this time. However, in this opportunity, SGLI was confident to delegate 1-female team for tug war match for the very first time.
